LIKE Hickory Wind Farm Alpacas on FACEBOOK!

After 14 years, it is unfortunately time to retire from our 80 acre farm and our alpaca 'lifestyle'! It was a hard decision to make; and it is even more difficult to part with animals that we have raised. Good homes are so important!

Interested? Animals are selling, so schedule your informative; no-pressure farm visit soon. Thank you to all who have & are purchasing our alpacas!

Our alpacas have good strong confirmation and quality fleece. Many are award-winners themselves.. All are in good health, halter trained to lead, and have quite good manners.

Please note: Other HWF alpacas are available for purchase as fiber or pet alpacas..

Hickory Wind Farm-Alpacas & Fiber

2019 Retirement Sale Listing – Females – Updated 7 June 2019

Huincul Odelia – 2 for 1! Confirmed pregnant for a August 2019 cria!

A mature female, Odelia is healthy, a good breeder and mother. Her quality off-spring have been primarily grey or black and have Odelia's upright presence and confirmation that is characteristic of PLAS Genesis and Guillermo line. Her coloring is a very flashy black and silver grey. Her grey off-spring at HWF include Bella (silver grey AFD 22) & granddaughter D'Liza (silver grey AFD 21) and her 2014 beige male (AFD 19) who have all been sold. Her 2016 daughter, Peaches Wind, is beige (light rose grey?) with a 2018 micron of 17.4

 Sire: PLA'S Genesis

Silver Shaddoh Wind

A photo does not give credit to Shaddoh's quality. Her fiber continues to be dense with quality crimp and staple length. Her 2015 AFD was 23.8 microns. Yarn from her fiber has been outstanding! She is elegant in appearance with her award-winning sire's sturdy square confirmation. Both of Shaddoh's off-spring (a 2014 dark brown female & a 2016 beige male) exhibited a crimp, soft dense fleece with very good staple length. Great indicators of what she can produce!

Kasey

A delightful young female with high quality genetics! She was Gabriel's final breeding before he passed on – and what a treasure he created. She has fine fleece with crimp, staple length, and density. In addition she exhibits the striking upright stature and confirmation that is seen in many of Gabriels offspring. If we were not retiring from alpacas, she would definitely be on my breeding list!

Hickory Wind Farm-Alpacas & Fiber

2019 Retirement Sale Listing – Fawn, Brown, Females - Updated 2 July 2019

Lolah Wind

Lolah's fleece is still very nice! Her fiber is a lovely light fading fawn and continues to exhibit density, softness, and crimp after numerous crias. She has sturdy, correct confirmation and an elegant upright presence. And, she has passed on her confirmation, quality fleece characteristics, and gentle temperament to her offspring. Lolah is an easy breeder and a great mom! Ideal for new alpaca owners. Lolah's 2015 AFD was 23 microns **\$1700**

ARI: 30922211
Status: F/proven
Birthdate: 10/1/2008
Color: medium fawn
Dam: Sa-Sir
Sire: Alta's Ultima of PVA

Sarina Wind

Sarina is full sister to Lolah Wind (posted above). She is the final off-spring of our Sa-Sir & Ultima breeding and is perhaps the best! She exhibits many desirable characteristics of a quality production female: championship genetics, very good confirmation, dense fleece with good softness and crimp. She also inherited her dam's easy friendliness; is in good health and halter-trained **1st Place & Highest Fawn Color Score at AOA 2016 National Fleece Show - Spin Off competition.. \$2000**

ARI: 32656879

Birthdate: 7/3/2013
Color: medium fawn
Dam: Sa-Sir
Sire: Alta's Ultima of PVA
AFD: 2015-19.3 microns;
2016-22 microns

Gracella Wind

Grace is very fine quality with great potential for producing top quality off-spring. Her Royal Fawn and PP Guellermo genetics can be seen in her regal upright presence, good confirmation, and fiber that has both fineness and density, good crimp character, and color uniformity. She is in good health and easy to handle. Gracella's 2014 fawn (**Wasa**) male by LLC Peruvian Kevlar shows what she can produce! **\$1000**

ARI: 31519830
Status: F/proven
Birthdate: 9/1/2009
Color: light brown
Dam: Huincul Husa
Sire: Denali's Gabriel

Sienna Wind

This medium-red brown girl is anything but "ho-hum"! Her soft fiber, dense coverage, and even staple length earned her placings in both halter and fleece shows. Even better, she passes on her upright confirmation and desirable fleece characteristics to her off-spring; her 2012 silver-grey male had a 2016 AFD of 20 microns. Sienna is easy to handle and has proven to be a very good mother. **\$1000**
