LIKE Hickory Wind Farm Alpacs on FACEBOOK!

We are very pleased to introduce you to some of the quality huacaya alpacas of Hickory Wind Farm–Alpacas & Fiber. Whether you are just starting your herd or looking to add someone new, looking for breeding stock or fiber, we could have just the right alpaca for you. Be sure to have a look at the outstanding grey females we are now offering!

Our animals have good strong confirmation and quality fleece. Many are award-winners themselves and females are bred to award-winning herdsires.. All are in good health, halter trained to lead, and have quite good manners.

And now, after 14 years, it is time to retire from the alpaca 'lifestyle'! It is a hard decision and even more difficult to part with animals that we have raised. Good homes are so important! Interested? Schedule your informative; no-pressure farm visit soon.

Please note: Other HWF alpacas are available for purchase as fiber or pet alpacas..

Hickory Wind Farm-Alpacas & Fiber

2018 Retirement Sale Listing – Silver and Rose Grey Females

HW Lacey Wind

What a beauty! Her lovely light rose grey fleece is dense, soft, and fine with a 2016 AFD of 17.7 microns – characteristic of her outstanding Peruvian heritage (PPP Brise, PP Guellermo, PP Caligula, ACCOYO PPP Augusto & 4Peruvian Legacy). It is difficult to sell Lacey but it is the ‘alpaca business’- her beauty and her fleece will be missed. She is an outstanding alpaca and has potential to produce future award winners for your herd. She is in good health and is halter trained to lead. **1st Place & Highest Rose Grey Color Score at AOA 2016 National Fleece Show-Spin Off competition. \$5500...Reduced to \$4500**

ARI: 32656862
 Status: F/maiden
 Birthdate: 7/24/2013
 Color: light rose grey
 Dam: Win'd Song
 Sire: Cloud Dancer's Masquerade

AFD: 2015-19 microns;
 2016-17.7 microns

D'Liza

Liza is a silver grey beauty showing fleece characteristics expected of PPGuillermo and PPP Royal Fawn genetics. Her 2014 shearing was 18.8 AFD– with great crimp, color and staple length. Her fleece has placed 1st & 2nd in numerous fleece competitions including **1st Place & Highest Silver Grey Color Score at the 2016 AOA National Fleece Show-Spin Off**. She has good upright conformation with lots of presence. D'Liza would certainly be an outstanding addition to your herd. She is bred to our jr. herdsire Gizmo (dk rose grey) for a fall 2019 cria. **\$6000...Reduced to \$3500**

ARI: 32508970
 Status: F/bred
 Birthdate: 6/8/2012
 Color: medium silver grey
 Dam: Costaalota's Nadia
 Sire: Denali's Gabriel

AFD: 2014-18.8 microns;
 2016-20.9 microns
 2018- 23.8 microns

Costalota's Gabriella (Bella)

Bella is everything you would expect from a Guillermo female bred to silver grey champion Principae Gris. She has good confirmation, an upright presence, and fleece that has character, density, and crimp. Her ‘greyness’ is very uniform with a few dark brown & black spots. If you are looking to add grey genetics and championship bloodlines (McGwire) to your herd, you should think seriously about this award-winning female. **\$6000 Reduced to \$3500**

ARI: 32579017
 Status: F/maiden
 Birthdate: 8/27/2012
 Color: medium silver grey
 Dam: Huincul Odelia
 Sire: CCR's Principae Gris

AFD: 2015-19.3 microns;
 2016-22 microns

CCR's Independencia (Indy)

Indy came to Wisconsin from Canyon Creek Ranch in California and it did not take long for us to add her to our grey breeding program. Her (1/2) ACCOYO fleece characteristics are apparent in her off-spring: density, staple length, and fineness with AFDs of 15.4 & 16.4. Indy's 2015 AFD remains a very ‘respectable’ 25.2 microns after 6 crias! She has produced both silver and rose-grey off-spring. Indy has good conformation, a striking appearance and pretty face. If you are looking to add proven grey Accoyo quality to your breeding program, don't miss out! **\$4000 Reduced to \$3000**

ARI: 30879034
 Status: F/open
 Birthdate: 7/4/2006
 Color: medium silver grey
 Dam: Panamericanalpacos Miss America
 Sire: McGwire

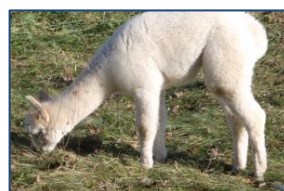

Huincul Odelia

A mature female, Odelia is healthy, a good breeder and mother. Her quality off-spring have been primarily grey or black and have Odelia's upright presence and confirmation that is characteristic of PLAS Genesis and Guillermo line. Her coloring is a very flashy black and silver grey. Her grey off-spring at HWF include Bella (AFD 22) & granddaughter D'Liza (AFD 21) and her 2014 beige male (AFD 19). **\$2500**

ARI: 10767070
 Status: F/proven
 Birthdate: 3/21/2004
 Color: medium Silver Grey
 Dam: Huincul Jacinta II
 Sire: PLA'S Genesis

Odelia's 2016 female cria (**Peaches**) by Cloud Dancer's Masquerade is white/beige in color with the fineness, density & crimp characteristic of Masquerade off-spring. 2018 AFD 17.4 microns. **\$2000**

ARI: 32656916
 Status: F
 Birthdate: 9/20/2016
 Color: white/beige
 Dam: Huincil Odelia
 Sire: Cloud Dancers Masquerade

Hickory Wind Farm-Alpacas & Fiber

2018 Retirement Sale Listing – Silver and Rose Grey (continued)

Silver Shaddoh Wind

A photo does not give credit to Shaddoh's quality. Her fiber continues to be dense with quality crimp and staple length. Her 2015 AFD was 23.8 microns. Yarn from her fiber has been outstanding! She is elegant in appearance with her award-winning sire's sturdy square confirmation.

Both of Shaddoh's off-spring (a 2014 dark brown female & a 2016 beige male) exhibited a crimp, soft dense fleece with very good staple length, a great indicators of what she can produce!

\$4500 Reduced to \$3000

ARI: 30922136
Status: F/proven
Birthdate: 9/13/2008
Color: light rose grey
Dam: Huincul Husa
Sire: JJA Royal Adonis

Red Cedar Wind

Cedar (pictured with her half sister Red Velvet) is in the foreground & wears the white collar. Although registered as medium brown she has numerous grey patches. Not surprising as her full brother is a medium silver grey. She is that sought-after combination of dark fleece with Accoyo & Alianza genetics.

Her fleece is wonderful – soft and dense with an AFD of 17 microns! As she matures it will be exciting to watch the development of her fiber and anticipate the quality of her future offspring.

\$2,000

ARI: 32557664
Status: F/maiden
Birthdate: 9/30/2013
Color: medium brown
Dam: CCRs Independencia
Sire: Cloud Dancers Masquerade

AFD: 2015-16.4 microns;
2016-17.1 microns

Red Velvet Wind

Velvet should have been grey but instead she has beautiful dark red-brown fleece that has the shine and softness of her Bolivian grand-sire and the density and fineness of her rose grey sire Masquerade (Accoyo & Alianza). Her 2015 AFD was 22 microns and unfortunately her 2016 fleece was sold before a fiber sample was taken. She has good confirmation and a very upright presence. Velvet is in good health, halter trained to lead, and is easy to handle. She will be missed.

\$2000

ARI: 32656855
Status: F/maiden
Birthdate: 6/21/2013
Color: medium brown
Dam: Chocolott Wind
Sire: Cloud Dancers Masquerade

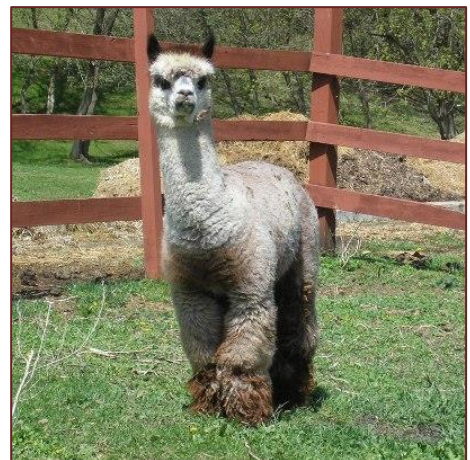

Transportation is available.

Reasonable offers will always be considered. Don't be shy!

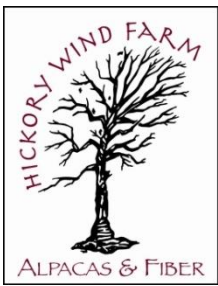

For your information, herdsires Denali's Gabriel (ARI 823829) and Cloud Dancers Masquerade (ARI 30850163) are pictured below. Over the years we have been very pleased with the outstanding off-spring that both have produced. Unfortunately Masquerade has passed on, but this past (2018) spring Gabriel proved that he was still able to pass on his color champion, outstanding, Royal Fawn genetics!

Denali's Gabriel
(PPPeruvian Royal Fawn 6014 grandson)

Cloud Dancer's Masquerade
(PPPeruvian Augusto 6009 grandson)

Hickory Wind Farm-Alpacas & Fiber

2018 Retirement Sale Listing – Fawn, Brown, Bay Black Females

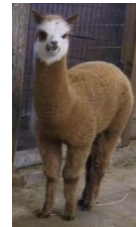

Lolah Wind

Lolah's fleece is very nice! Her fiber is a lovely light fading fawn and continues to exhibit the density and crimp of her award-winning sire & the softness and fineness of her granddam. She has sturdy, correct confirmation and an elegant upright presence. Her 2014 medium brown male by Denali's Gabriel has crimp, softness, density, and fineness (AFD 15.9). Lolah's 2015 AFD was 23 microns. **Reduced \$3000**

Lolah's 2016 female cria, **Alice**, is an uncertain fawn color that may well have lighter rose grey shading. Her color may be uncertain, but the quality of her fleece is not! Crimp, fineness, density, bundling – it is all there. **\$2000**

ARI: 30922211
 Status: F/proven
 Birthdate: 10/1/2008
 Color: medium fawn
 Dam: Sa-Sir
 Sire: Alta's Ultima of PVA

ARI: 32656978
 Status: F
 Birthdate: 9/6/2016
 Color: fawn?
 Dam: Lolah Wind
 Sire: Cloud Dancers Masquerade

Sarina Wind

Sarina is full sister to Lolah Wind (posted above). She is the final off-spring of our Sa-Sir & Ultima breeding and is perhaps the best! She exhibits many desirable characteristics of a quality production female: championship genetics, very good confirmation, dense fleece with good softness and crimp. She also inherited her dam's easy friendliness; is in good health and halter-trained **1st Place & Highest Fawn Color Score at AOA 2016 National Fleece Show - Spin Off competition.. \$3,500 Reduced to \$3000**

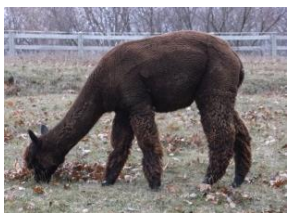

ARI: 32656879
 Status: F/maiden
 Birthdate: 7/3/2013
 Color: medium fawn
 Dam: Sa-Sir
 Sire: Alta's Ultima of PVA
 AFD: 2015-19.3 microns;
 2016-22 microns

Gracella Wind

Gracella is very fine quality with great potential for producing top quality off-spring. Her Royal Fawn and PP Guillermo genetics can be seen in her regal upright presence, good confirmation, and fiber that has both fineness and density, good crimp character, and color uniformity. She is in good health and easy to handle. Gracella's 2014 fawn (**Wasa**) male by LLC Peruvian Kevlar shows what she can produce! **Reduced \$1500**

ARI: 31519830
 Status: F/proven
 Birthdate: 9/1/2009
 Color: light brown
 Dam: Huincul Husa
 Sire: Denali's Gabriel

Lilly Wind

Lilly's bay black fiber has good staple length, nice shine, great softness; crimp and an AFD of 22 microns – characteristics one would anticipate with Royal Fawn, Midnight Man, Peruvian Panasche, and Grand CasperJack genetics! She has not been bred as the quality of her fleece has been of great value and she did not quite fit our grey breeding program. Lilly has good confirmation and is in good health. It is difficult to part with her but she will be a great addition to a herd looking for award winning black genetics. **Reduced \$1000**

ARI: 31773492
 Status: F/maiden
 Birthdate: 8/29/2011
 Color: Bay Black
 Dam: Panzeah Wind
 Sire: Peruvian Midnight Man
 AFD: 2015-22.6 microns;

Sienna Wind

This medium-red brown girl is anything but "ho-hum"! Her soft fiber, dense coverage, and even staple length earned her placings in both halter and fleece shows. Even better, she passes on her upright confirmation and desirable fleece characteristics to her off-spring ; her 2012 silver-grey male had a 2016 AFD of 20 microns. Sienna is easy to handle and has proven to be a very good mother. **Reduced \$1500**

ARI: 30922181
 Status: F/proven
 Date: 9/29/2007
 Color: medium brown
 Dam: Huincul Husa
 Sire: MW Columbo
