LIKE Hickory Wind Farm Alpacas on FACEBOOK!

After 14 years, it is unfortunately time to retire from our 80 acre farm and our alpaca 'lifestyle'! It was a hard decision to make; and it is even more difficult to part with animals that we have raised. Good homes are so important!

Interested? Animals are selling, so schedule your informative; no-pressure farm visit soon.

Our alpacas have good strong confirmation and quality fleece. Many are award-winners themselves.. All are in good health, halter trained to lead, and have quite good manners.

Please note: Other HWF alpacas are available for purchase as fiber or pet alpacas.

 Yo-Yo is a blue-eyed white with average fiber quality. His fleece has been put to good use in HWF cored rug yarn. He would make a good pet or companion for a female alpaca.

COCO DOB: 7/31/2012
 Coco has championship breeding but unfortunately did not meet his owners herdsire requirements. His medium brown fleece is still dense with good crimp, staple length and uniform color.
